# Introduction

The \$BIGGIE token is an ERC-20 token built on the Ethereum network, created to celebrate and honor the influential hip-hop culture of the 1990s and 2000s.

This unique token offers an innovative approach to community-driven initiatives, NFTs, and decentralized finance (DeFi).

By combining these elements, we aim to create a vibrant and sustainable ecosystem.

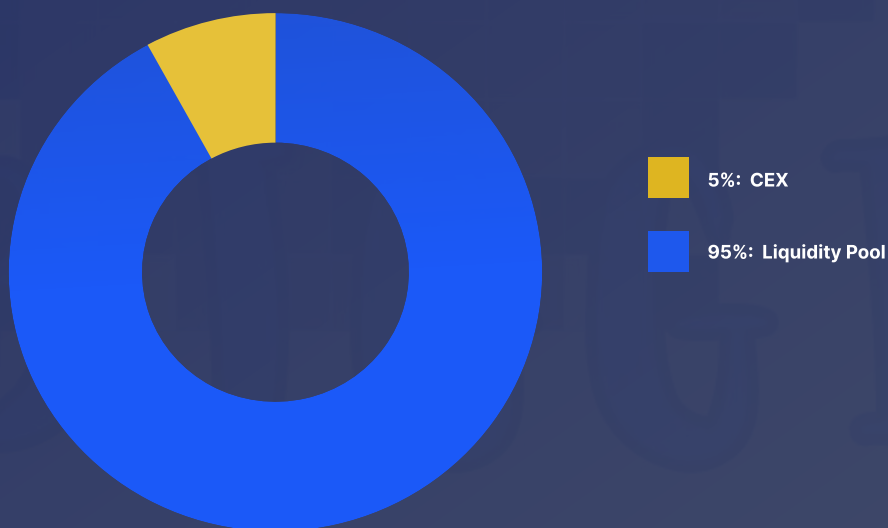

# Tokenomics

Token Name: It was all a dream, I used to read Word Up! magazine. Salt-n-Pepa and Heavy D up in the limousine. Hangin' pictures on my wall. Every Saturday Rap Attack, Mr. Magic, Marley Marl. I let my tape rock 'til my tape popped. Smokin' weed in Bambu, sippin' on Private Stock. Way back, when I had the red and black lumberjack. With the hat to match. Remember Rappin' Duke? Duh-ha, duh-ha. You never thought that hip-hop would take it this far. Now I'm in the limelight 'cause I rhyme tight. Time to get paid, blow up like the World Trade. Born sinner, the opposite of a winner. Remember when I used to eat sardines for dinner. We used to fuss when the landlord dissed us. No heat, wonder why Christmas missed us. Birthdays was the worst days. Now we sip Champagne when we thirsty. Uh, damn right, I like the life I live. 'Cause I went from negative to positive. And it's all (It's all good, nigga). And if you don't know, now you know, nigga.

A portion of the proceeds from NFT sales will be reinvested into the \$BIGGIE ecosystem to support community initiatives and development.

## Usecase
